## *Foreword*

The 1958 PIONEER has been published with but one objective to capture between its covers a year at Negaunee High School. Because of our locality, we have chosen "snow" as the theme for it.

To our fellow Northerners, snow is a common sight, but when we stop to think about it, it is in many ways like our school life. There are times of trial when we feel as though we are sinking, as we would in soft snow. But there are many other instances when we are up in spirits and no longer sinking, but walking on top once again.

Like snow, school has its times of beauty and drabness, tranquility and storms, times of excitement and times of trial. But it is in remembering these past experiences that make us ask, "Where are the snows of yesteryear?"

With these thoughts, we proudly present to you, the student and faculty, your 1958 PIONEER.

To the students of NHS and the residents of Negaunee, the stump pictured on the cover of the PIONEER has great significance. To them it represents their very being - for without the discovery of iron ore on this overturned stump, Negaunee would not be in existence.

It was in 1844 when Marji Gesick led two men to the spot where he had seen the black magnetic ore. Not long after that, the small Chippewa Indian village at the north end of Teal Lake got its start and Negaunee was born.

Kristine Phillips, '53, aptly named the annual from the Indian definition of Negaunee, which is "to go forward," or "pioneer."

BARBARA ROOS  
Valedictorian

During her four years at N. H. S., Barbara Roos majored in science, maintaining an average of 3.967 in all of her classes. She feels that the math she took in school will help her in her future nursing career. Barbara is going to attend Presbyterian St. Luke's School of Nursing in Chicago.

Of the extra-curricular activities in which she participated, Barbara enjoyed Tri-Hi-Y, Horizon Club, Cheerleading and majorettes the most. She was drum majorette and student leader of the majorettes.

In out of school activities, Barbara belonged to the Luther League and taught Sunday School at the Immanuel Lutheran Church.

MAXINE REPOLA  
Salutatorian

Maxine Repola, Salutatorian of the class of 1958, enjoyed school very much, especially the science courses in which she majored. She dreaded studying but after earning an average of 3.819 she realized it was well worth the time spent at it. Next year Maxine will attend the University of Michigan to work for her Bachelor of Science degree in nursing.

Of her extra-curricular activities, Maxine enjoyed being in Latin Club, junior and senior class plays, concert orchestra, and especially Tri-Hi-Y, of which she was the president during her senior year. Maxine also sang in the choir of the St. John's Episcopal Church.

*Judy Dunstan 1940 - 1956*

They said that time would heal all things,  
The day you went away.  
But though the months have come and go  
The wound is here to stay.  
You were the pal of many,  
To everyone a friend.  
Your cheerful smile still clings to us,  
And will until the end.  
We long to have you near us,  
To share our joys and cares.  
But Judy till we meet again,  
You're with us in our prayers.

CAPTAIN BOB MANSKE

This is a scene from Negaunee's Homecoming Game, which the Miners won by a score of 14-12, over the Calumet Copper Kings. To add an extra thrill to the occasion, Calumet had been undefeated before their encounter with the Miners.

The crowning of the queen took place after the burning of the "Calumet Dummy" the previous night. On the afternoon of the game, a parade was held, and the senior class took first place with their float entitled, "Gunning for Victory." Second prize was awarded to the Masque and Gavel Club.

This picture of the Maize and Blue on the offense, shows Jim Garceau attempting a field goal in the Negaunee-Ishpeming game.

Negaunee's Russ Jacka strains to block a jump shot, fired by Ishpeming's Dale Ruohamaki, in the Miner's 55-51 upset win over the undefeated Hematites. Other Negaunee players pictured are John Rieki, number 50 and Dan Maki, number 34

Matt Ritola, sophomore forward, launches an accurate one-hand push shot over the outstretched arms of a taller opponent, to bolster the Miner's point total.

Despite the efforts of a crowd of Traverse City players, Garceau succeeds in sinking a difficult left-handed lay-up against the down-state, Class A team.

## *Busy Year For Tri-Hi-Y*

History has been made! For the first time the Negaunee Tri-Hi-Y has sent delegates to Tri-Hi-Y camp at Torch Lake and to Tri-Hi-Y legislature in Lansing. Both experiences were a profitable educational gain to the club and especially to the delegates.

Religion has been their main project this past year. In studying the different faiths they have had speakers from different denominations and also visited many churches.

In addition some of the usual activities have taken place, such as a bake sale, a world service project to help build a chapel in Korea, a homecoming float, halloween party, banquet to celebrate the end of exams, polio collection at the games and many others.

This year, like all other years, the Tri-Hi-Y has been a happy and busy service organization.

The G.A.A. has adopted a point system this year so the members will be able to earn awards. A girl gets points for every sport she participates in and at the end of the year these points are compiled to see what each girl has earned. This is very well liked by the girls because never before in our school has a girl had the chance to earn her own letter.

Some of the sports that are played are... soccer, volleyball, basketball, deck tennis, bowling, tennis and softball.

Dear Friends,

This page brings to a close the record of another year at Negaunee High School. We have tried to record the most important happenings throughout the year, so when you get in the reminiscing mood you can pick up your PIONEER and view the "snows of yester-year."

But this annual would not have been possible without the help of many people. To these people we say "Thanks" --- especially to Mr. Sulo Oja, the NHS printing shop under the direction of Mr. Al Rudness, the art classes and Miss Elsie Tulberg, the Camera Club, Tiffany Photo Shop, and Maki Studio.

Sincerely yours,

The PIONEER Staff

Jean Johnson,

Editor
